The Weather.

FOR KENTUCKY—Partly cloudy
Tuesday.

The Princeton Leader says: "In the person of Miss Nannie Catlett, Princeton and Caldwell county will have a candidate for the office of State Superintendent of Public Instruction."

A. B. Rouse, of Boone county, defeated G. Linn Gtoch, of Kenton county, in the Democratic congressional primary in the Sixth district yesterday by a decisive vote. A light vote was polled.

By a unanimous vote on rollcall the Senate passed the statehood bill, reported from the Senate Committee on Territories. It differs from the House bill and must go to conference unless the House should concur in the Senate measure.

Mayor Edward Krieger, Julius Ulrich and Fred Koustmer, of Newport, were indicted on charges of misfeasance in office growing out of the aldermanic and police muddle. The city of Newport was indicted on six different counts for maintaining a common nuisance.

Judge McSurely, in Chicago, allowed Representatives Meyers, Link and Beckemeyer to testify in the Lee O'Neil Browne senatorial bribery trial Thursday, over the protest of the defense. The witnesses told of receiving \$1,000 each for voting for Senator Lorimer.

Briston Draper, son of former Governor Draper, of Boston, who eloped with Queenie Sanford, an actress, three years ago, has been forgiven and has returned with his wife and child to a fine home fitted up by his parents. He has been working as a mill hand at Burlington, Vt.

The court of appeals of Kentucky decided unconstitutional and invalid the act of the last legislature providing that no negro industrial school should be located in any precinct in the State unless the majority of voters of the precinct voted for its location. The act was intended to prevent the location of the Lincoln Industrial Institute in Shelby county.

The Simmons foreign nursery stock quarantine bill was ordered favorably reported to the House by the Committee on Agriculture. The bill would provide for the introduction of nursery stock by permit only and would authorize the Secretary of Agriculture to establish a quarantine against the importation and transportation in interstate commerce of diseased nursery stock or nursery stock infested with injurious insects.

The House of Representatives, which has seen many days of dissension during the present session over the question of rules, Friday furnished the remarkable spectacle of passing with only one lone member voting in opposition, a strongly worded "Reform" rule, designed to correct the acknowledged legislative abuse of "smothering" of legislation in committees. Democrats, Republicans and "Insurgents" joined in harmony in adopting the rule.

CERTAIN RESULTS.

Many a Hopkinsville Citizen
Knows How Sure They are.

Nothing uncertain about the work of Doan's Kidney Pills in Hopkinsville. There is plenty of positive proof of this in the testimony of citizens. Such evidence should convince the most skeptical doubter. Read the following statement:

Miss L. A. Hester, 826 North Main St., Hopkinsville, Ky., says: "I believe there is little need of anyone suffering from backache when Doan's Kidney Pills can be had. The prompt relief which followed their use in my case has given me great faith in their merit. In the summer of 1908, I suffered greatly from a soreness and lameness across the small of my back and other difficulties arising from weak kidneys. The contents of two boxes of Doan's Kidney Pills, procured at Johnson & Co.'s Drug Store, was all that was required to free me from the distressing pain in my back and restore my kidneys to a normal condition. I publicly recommend Doan's Kidney Pills at that time and although seven years have since elapsed, I still hold a high opinion of them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Diego Cabrera, son of President Cabrera of Guatemala, has arrived in New Orleans, where he was rushed on an special train. All haste is being made to get Cabrera to Port Barrios before he succumbs to tuberculosis.

The Statehood bill, to admit Arizona and New Mexico to the Union, passed the House. It now only requires the signature of the President to become law. By a viva voce vote the House concurred in the Senate amendments to the bill.

A full investigation into the charges of bribery made against Senator Lorimer, of Illinois, in connection with his election was decided upon by the Senate Committee on Privileges and Elections. The inquiry will be conducted during the recess. No report will be made until next December.

LIVE WASHINGTON NEWS

TAVERNER GIVES THE FACTS AS THEY REALLY
EXIST IN THE CAPITAL.

Washington, June 20.—"I am through with it."

So spoke Senator Dolliver of Iowa. He meant that he would never again raise his voice, either in the Senate of the United States or from the stump, in defense of excessive protection.

"I do not propose," declared Dolliver, "that the remaining years of my life shall be given up in dull consent to the success of all these conspiracies. I intend to fight as a Republican for a free market on this continent."

In other words, the mighty Dolliver, for years an ardent protectionist, is conscience stricken. He stands appalled at the magnitude of the sins that have been visited upon Republic and people by a system which he advocated with own voice.

His eyes opened, Dolliver was courageous enough to say: "I am through with it." That is why his speech will live in history, because he said "I am through with it."

The philosophy of the Iowan, in itself, was not new, any more than were his statements that Congress, in passing the Payne Aldrich bill, was dominated by the tariff trusts. Democrats have told the same story time and again. Dolliver has merely indorsed the Democratic view point, which is that excessive protection robs the many for the few.

Senators regard the Dolliver speech as the most impressive oratory the Senate has listened to in many years. It will take rank among the foremost examples of American eloquence.

Dolliver analyzed the cotton and wool schedules of the Payne-Aldrich law, revealing as he went along, the fraud and injustice and jugglery which will force the people to pay outrageously high prices for the necessities of life.

He also pointed out how the President had aided in the effort to deceive the public as to the true character of the law.

"What a farce to send men around talking about the rule of the majority," thundered Dolliver, "when, the most important business of the people has come down to the bargain counter, and men are authorized to say: This is the citadel of protection; if any of you have constituents that want anything, come here; we are the dispensing power; support what we want, and take anything you thing you need, and the man who does not like it, and has no stomach for the fight, is requested to depart."

"If that is to be the continued practice of the government of the United States, I think it would be better for nearly everybody to depart."

DOLLIVER ADMITS ERROR.

When Senator Dolliver was attacking the Payne-Aldrich bill in the Senate last spring, Senator Depew of New York chided the Iowan with the statement that he (Dolliver) had traveled all over the country in the campaign of 1896 making speeches in which he charged the Wilson bill with responsibility for the panic of 1893. "Would you now pass a blue pencil through those speeches?" asked Depew, smilingly.

"If I were called upon now," said Dolliver, "to repeat what I said as an enthusiastic youth in the House of Representatives many years ago, I would blue pencil a good many of the explanatives I gave there for industrial conditions which surrounded our industries in that far-off period."

JUST LISTEN TO THIS.

Taft "cut-to-the quick" economy is no longer mentioned by Republican newspapers. For excellent reason, too. Indications are that this Congress will spend at least \$20,000,000 more than the preceding session, which created a new high water mark in government extravagance. Speaking of "cut-to-the quick" economy, here are a few of the increases over last year's appropriations, in bills already enacted at this session:

Rivers and harbors.....\$23,462,954.
Postoffice department..... 5,119,825.
Sundry civil..... 8,633,994.
Agricultural department..... 517,600.
Consular and diplomatic..... 505,620.
District of Columbia..... 247,429.

\$38,487,422.

The most material decrease up-to-date is in the pension bill, amounting to about \$6,000,000.

AN ENEMY OF LA FOLLETTE.

President Taft is leading a movement—though from behind the scenes—to defeat Senator Robert M. LaFollette of Wisconsin. Having been the original insurgent, and having given open battle to Senator Aldrich and the other reactionaries in their endeavor to legislate solely for the benefit of the special interests, Taft republicans feel LaFollette should be defeated if possible.

PAYNE ALDRICHISM.

Ladies' gloves that were \$1 a pair before the passage of the Payne Aldrich tariff bill, are now \$1.25. Ladies' shoes that were \$3 are now \$3.50. Ladies' saddle rubbers that were 25 cents a pair are now 75 cents. Even the kitchen broom which once cost but 25 cents, now retails for 35 and 40 cents.

PATRONAGE STILL WITHHELD.

An inspired news item in which it was denied that President Taft was withholding patronage from progressive senators was recently sent from Washington to all parts of the United States. This information was entirely unfounded. None of the genuine progressives are receiving a morsel of the federal patronage within their districts.

TAFT'S OPTIMISTIC NATURE.

Vice-President Sherman returned from Wisconsin with the report that "insurgency is fast subsiding." And President Taft believes him.

DEATH GAME

As peacefully as Slumber to
a Child

Mrs. Bob Ellis, widow of the late Judge Jas. C. Ellis, died very suddenly shortly after noon Saturday.

She had been in her usual good health all day and just before noon sat down and began reading a book. When dinner was announced she was seen sitting in her chair apparently asleep, with the book lying in her lap. She was not disturbed, but after the meal was over, her son, Mr. Jno. G. Ellis, went to her to awake her and found her dead. She had passed away as peacefully and quietly as a child falling to sleep.

Mrs. Ellis was, before her marriage, Miss Bob Bradley. She was 77 years of age and leaves three children, Jno. G. Ellis, Mrs. L. H. McKee and Miss Jimmie Ellis. Two other children have been dead several years, Richard B. Ellis and Mrs. Mollie Lowry.

Mrs. Ellis was a lifelong member of the Methodist church and one of the best of women.

Her funeral services were held yesterday morning by Rev. Geo. H. Means and she was laid to rest in the family lot in Riverside cemetery.

SIGHTS—The Board of Control of Charitable Institutions Friday appointed Dr. Henry Preston Sights, of Paducah, as superintendent of the Western Asylum for the insane. He succeeds Dr. T. W. Gardiner, who was appointed a member of the board.

Dr. Sights is a physician who has had a great deal of experience with insane persons, and who had four years' work in the Western Asylum under Dr. Gardiner from 1896 to 1900. He is regarded as a fine alienist, the kind of a man Gov. Willson wanted appointed. He has a large practice and gives up his work in Paducah to come to Hopkinsville with a great deal of reluctance. He is a Republican but all the members of the board agreed that he was an ideal man for the place. There were many applicants. The recent appointment of a Democrat at the Feeble Minded Institute, gave the place to a Republican in the division of offices.

Hints!

"When ought we to go
to the Dentist?"

Many think it unnecessary to devote particular attention to the teeth until the mouth is affected by broken or decayed teeth. Others give their teeth no attention until pain compels them. Every one who thinks a moment on the subject knows that we cannot masticate our food satisfactory, if one of the teeth is tender, inflamed or other wise out of order, and that if this be the case, the mouth requires immediate attention.
